IF YOU are going to Europe you can now I travel on swift, new passenger liners that represent a supreme achievement in shipbuilding. The fast, twin screw, oil-burners of the "535" type, owned by the U.S. Government, have become famous on every sea. Two-of them, the President Harding and the President Roosevelt, operated for the Government by the United States Lines, have been placed in the service between New York and Plymouth, Cherbourg and Bremen.

Every device of the modern shipbuilder's art has been lavished on these new ships. They are at once incomparably safe, supremely luxurious and unusually fast
